

The National Masonry® Breeze Block collection has revitalised a 1970's icon into a modern day contemporary classic. Brimming with sharp lines, vibrant texture, and rich colour, these modern day classics will compliment a diverse range of projects. National Masonry® Breeze Blocks can create unique walling and feature solutions that provide permeability of light and air that are aesthetic in character with the durability and practicality that you come to expect in a masonry unit. These crafted units are finished with a lightly honed face leaving no doubt they are a premium architectural finished product that are at home in the most humble of applications through to striking features in a modern master piece.
